

PATH TO EMPOWERMENT

TRANSITION SERVICES SUPPORT PROGRAM

ABILITY360

Who is eligible for this program?

Youth and adults with a Spinal Cord Injury that have received services in a rehabilitation setting or clinic in the last 24 months and are in need of transitional services.

In support by the National Council of Independent Living

The Path to Empowerment Transition Services Support Program is quite diverse as Ability360 plans to incorporate many facets of our continuum of services.

Transition from Rehabilitation to Community (Sports & Fitness Center):

The Sports & Fitness Center will support individuals with SCI transitioning from rehabilitation or hospital settings to the community. This program will help transitioning consumers learn how to safely stay active and reduce the chances of secondary conditions and re-entry into the hospital or rehab setting. Funds will scholarship membership costs, Dial-A-Ride or Valley Metro transportation vouchers; Initial, mid-year and end-of-year assessments; fitness orientations and two personal training sessions.
