ABOUT THE PROGRAM

Ability360 offers services to people with disabilities receiving social security disability benefits and are seeking employment. Since 2002 we have provided these services under a contract with the Social Security Administration's Ticket to Work Program. Since 2002, AES has served thousands of beneficiaries to achieve individualized work goals and success.

Our services are comprehensive in that we start from basics and serve you for the first 45 months you work. Program participants must be 18-64 years old and have at least a high school diploma or GED. You must be currently receiving benefits, not have an open case with Vocational Rehab Services, and not have been convicted of a felony.

Consider jobs in all industries, all locations in Arizona, and at all skill levels.
