

Amputee Transition Program

ABILITY360
SPORTS & FITNESS CENTER

Ability360.org 602-386-4566

Who qualifies for the program?

Individuals with amputations and who are new prosthetic users, within the last 24 months.

About the program

The Amputee Transition Program is funded by Touchstone Rehabilitation. This funding allows for us to provide an annual membership, fitness room orientation, quarterly recreation therapy or personal training sessions, transportation vouchers, & quarterly assessments. It will provide individuals with amputations and new prosthetic users a transition program as they are discharged from rehabilitation services. This program will allow for a smooth transition from acute care to the community setting.
